KIP 7170
Ultimate - Multi-Touch Performance
KIP 7170
Infinite Possibilities

**System Features**
- Single footprint configuration
- Color touch controls
- Integrated top stacking
- 2 integrated media rolls
- 6 ‘D’ / ‘A1’ size prints per minute
- 600 X 2400 dpi printing
- High definition print technology
- Print from & scan to the cloud
- CIS scanning technology - with Real-Time Thresholding Technology
- Rear delivery for high production
- Smart eco² design

KIP 7170 Print Production

**KIP 7170**
MULTI-FUNCTION SPACE SAVING SYSTEM
The productivity of the KIP 7170 system is designed to satisfy the most demanding needs of decentralized users. The versatile KIP 7170 may also be expanded to provide Multi-Function convenience. KIP 7170 system software is ideal for decentralized environments and expandable to meet the need for centralized printing.

**Smart Multi-Touch Control**
- 12” Smart Multi-Touch Display
- Touch Simplicity: Swipe, Rotate, Pinch, Spread & Tap
- Intuitive, Tablet Style Touch Controls
- Uniform Operations for Improved Experience
- Walk-Up Operator Convenience
- High Demand Productivity
- View and Print Area of Interest

**Integrated USB Drives**
KIP 7170 systems eliminate the need for additional PC hardware by printing documents directly from the touchscreen software. Integrated support for removable media such as standard USB drives provides the ability to securely print documents directly from a range of media formats.
Superior Productivity
• Precision document folding
• Operates at full print engine speed
• Ultra-quiet operation
• Online and offline folding
• Fully integrated with KIP software
• Compact footprint

KIP 7170
PRODUCTION SYSTEM WITH STACKING
KIP’s stackers include advanced intelligent online systems that suit your exact needs, while maintaining the flexibility to grow as demands increase. Operators have the flexibility to direct prints and copies to a preferred destination – the front delivery stacking system or a rear system for increased production.

KIP 7170
PRODUCTION SYSTEM WITH FOLDING
The KIPFold 1000 and KIPFold 2800 finishing systems automate wide-format document finishing by providing folding, stacking and collation in a compact design.

Multi-Tasking
• Direct prints to stack on top or rear
• Create color copies directly to inkjet printers
• Scan to a wide range of file formats
• Real-time copy and scan previews
• USB printing and scanning support
• On-screen copy, print & scan previews
Print Management Solutions

KIP Touchscreen Technical Interface

The KIP Touchscreen Technical Interface is a comprehensive program for the control of KIP Systems, Installation & Technical Support.

The intuitive and versatile interface includes mode tiling which simplifies the technical experience and management of the KIP System.

- Integrated with KIP Color plus Black & White Systems
- Manage and Modify Printer Functions and Settings
- Review Printer Status and Operational History

Print Management Solutions

KIP Custom Media Manager

The KIP Custom Media Manager is a graphic user interface that allows the operator to identify and customize names to a wide range of media types and the KIP System’s specifications.

- Integrated with KIP Color plus Black & White Systems
- Automatically Adjust Systems Parameters
- Descriptive Media Categories
**KIP 7170**

**EXCLUSIVE TECHNOLOGIES**

**High Definition Print (HDP) Technology**
KIP HDP is a green technology that is 100% toner efficient, reducing the cost of printing and returning outstanding value and industry leading low cost of ownership. KIP Systems do not employ carriers, developers or waste receptacles that require disposal and replacement.

**600 x 2400 dpi – High Resolution**
KIP Systems feature crisp, 600 x 2400 dpi printing for sharper details and extremely smooth grayscales. This higher resolution allows the system to enhance curves, diagonal lines and arcs by smoothing out line edges with excellent precision.

**Consistent Print Quality**
KIP Systems deliver solid blacks, smooth grayscale and uniform print quality from the first to the last page of a print job. Advanced technologies including automatic environmental adjustments and contact-based developer units keep your print quality on track through seasonal climate changes.

**Media Capacity**
KIP Systems feature auto-switching media drawers to ensure non-stop print production and maximum media versatility. Media status is illustrated on the touchscreen. KIP Systems feature a user friendly “End Cap” design for easy loading of media rolls.

**Accurate Print Sets**
KIP Systems provide precise cut lengths that conform to KIP sheet size specifications. Electronic monitoring of media while printing provides an accurate page cut length. Print jobs are produced at an identical sheet size, resulting in a professional presentation.
KIP 7170
SCANNING SYSTEM

KIP 7170 Integrated CIS Scanning System
The KIP 7170 integrated large format scanner is a 24-bit, 36” / 914 mm wide full-color image capture system perfect for processing photographs, complex maps and AEC/CAD drawings. The CIS (Contact Image Sensor) scanning technology enables high-resolution, high-speed image capture with energy saving operation from a compact design.

System Features:
• Create color copies directly to inkjet printers
• Scan to a wide range of file formats
• Real-time copy and scan previews
• USB printing and scanning support
• On-screen copy, print & scan previews

KIP 7170
SYSTEM OPTIONS

Space saving print & original stacking
KIP 1200 high capacity online stacker
KIPFold 1000 compact online fan folder
KIPFold 2800 online fan & cross folder
PDF format printing keycode
Secure hard drive connection kit

The KIP 7170 integrated scanner features a support system to enhance feed reliability.
KIP is committed to product designs that promote environmental health and sustainability. KIP’s goal is to consistently improve and refine the technologies in products that keep our planet green. KIP considers the total product life cycle - from the manufacturing process to final device disposal in our shared ecosystems.

The Color of KIP is Green

KIP integrated folding and finishing systems automate wide-format document finishing by providing folding, stacking and collation in a compact design.

**KIP 7170**

**INTEGRATED FOLDING & FINISHING**

**Document Automation**

**KIPFold 1000**

The KIPFold 1000 is a compact but powerful online folder designed to easily, conveniently and quickly fan fold documents with KIP 7170 print systems.

**KIPFold 2800**

The KIPFold 2800 system automates wide-format document folding requirements by providing folding, stacking and collation in a compact design.

KIP online folders intelligently communicate with KIP printers and are fully integrated with KIP software applications & printer drivers to provide seamless workflow integration.

KIP Systems print on recycled paper

Reduced electrical consumption
SMART SOLUTIONS - INFINITE POSSIBILITIES

KIP 7170 Multi-Function Systems

- KIP 7170 single footprint system with integrated front delivery print tray
- KIP 7170 single footprint system with integrated front delivery print tray plus optional rear print stacking tray
- KIP 7170 system with optional rear original and print stacking system

KIP 7170 Production Systems

- KIP 7170 system with optional KIP 1200 high capacity print stacker
- KIP 7170 system with optional KIPFold 1000 online fan folder
- KIP 7170 system with optional KIPFold 2800 online fan & cross folder
