Print Management Solutions
KIP System K Software Suite provides an enhanced user experience and exceptional productivity for the seamless control of color and b&w print demands. Features include:

- Touchscreen tablet navigation.
- Standardized system icons with tile interface.
- Print submission applications with systems management, configuration and systems status.
- Software applications feature ribbon command bar with extended choice of functions.
- SNMP protocols, cost center control and cloud collaboration.
- System K Windows® Driver, WHQL certified, touch PC compliant with simplified / advanced functions and systems status.

KIP System K Software Suite is uniformly integrated with KIP 900 Series, KIP 800 Color Series, and KIP 70 Series.
A new generation of wide format functionality

Multi-Touch Touchscreen

KIP Multi-Touch Solutions

All system functions for KIP systems are performed through an integrated, 12” multi-touch tablet-like color display to copy, print and scan both color and b&w documents. Walk-up operator conveniences include auto-start, access to unlimited presets, easy to understand touchscreen user guides and real-time on-screen previews. Multi-touch controls provide users with full color intuitive tablet-like controls with swipe, pinch, spread, rotate and tap.

Vivid image previews and on-screen controls allow for saving and printing the Area of Interest. Multi-touch features allow operators to identify documents, adjust image quality and replace documents in collated sets. The integrated color touch display provides a powerful combination of control plus convenience; you don’t have to leave the printer to perform important tasks.
KIP Multi-Touch Touchscreen Features

- Vivid 12” Color Multi-Touch Display | Intuitive Feature Selection for Easy Operation | Fully Articulating Viewing Angle | Centralized Access to all System Features | Print, Copy and Scan in B&W and Full Color | Super View with Swipe, Pinch, Spread and Rotate | Print Directly from Removable Media, the Cloud and Local Mailboxes | One Touch Access to System Features in 22 Languages | Full Color Guides | Integrated Print Previews | On-screen Set Copy Editor | Concurrent Print and Scan-to-File | Manage Print and History Queue | KIP Accounting Center Integration | KIP Cost Center Integration

Multi-Touch Features

- Super View Image Controls for Print, Copy and Scan | Pinch and Spread to Zoom | Touch to Rotate | Copy, Scan, Email or Print Specific Area of Interest | Selectable User Guides | Automatic Display of User Guide when Replacing Toner/Paper | View Job Queue | Reprint Jobs from History | Selectable System Presets | View System Status from any Screen

Copy Functions

- Concurrent Copy and Print | Copy Single or Collated Sets | Sort and Replace Pages in Collated Set | Copy Area of Interest | Scan to File while Copying | Scale to Factor or Select Page Size Preset | Select Fold Pattern or Auto-Fold Based on Page Size | Automatic Deskew | Stamp Documents with Text or Graphic | Interrupt Jobs for Urgent Tasks | Unlimited System Presets for Stamps and Folding | Unlimited User Templates for Document Types and Job Settings | Select Front or Rear Stacking | Copy Details for KIP Job Accounting and Data Tracking | Color Copy to KIP Color Series Systems

Print Functions

- Print from Local Mailbox/USB/Network Drive | Print from KIP Cloud Connect | WYSIWYP File Preview | Collated Set Printing | Select Fold Pattern or Auto-Fold Based on Page Size | Scale to Factor or Select Page Size Preset | Auto-Print from Email | Print Details for KIP Job Accounting and Data Tracking | Color Print to KIP Color Series Systems

Scan Functions

- Scan to File in B&W or Color | Scan to Local Mailbox/USB/Network Drive/SMB/FTP | Scan to KIP Cloud Connect | Scan to Email | WYSIWYP File Preview | Scan to Multi-Page TIF, PDF or PDF-A | Scan to B/W TIF, Cals Group 4, PDF or PDF-A | Scan to Color TIF, JPEG, PDF or PDF-A | Select 200 – 600 dpi | Select Rotation | Adjust Scanner Speed for Delicate Originals | Scan Details for KIP Job Accounting and Data Tracking
Sharing online content via popular Cloud Services has become a critical collaboration tool. Increased network security and file size restrictions limit the ability of users to Email full size color and b&w technical documents. KIP systems include KIP Cloud Connect – the ability to scan to and print from the cloud directly at the multi-touch display. Whether the Cloud Service is used for personal documents or for project collaboration, KIP systems provide quick access to print color or b&w data. Scan a document to the cloud at the touchscreen and instantly access it at your desktop or mobile device.
KIP Cloud Connect Key Features

- Select from Multiple Cloud Services
- Print from KIP Cloud Connect
- Scan to KIP Cloud Connect
- Unlimited Cloud Connections
- Single or Multiple Files
- Choose Files from Multiple Cloud Services for Single Print Job
- Easy Configuration from Multi-Touch Screen
- Collated Sets Printing

- Scan to Project Cloud Location
- Scan Single or Multi-Page Files to Cloud
- Scan Color or B&W Documents
- Scan Area of Interest

Image Preview
- Multi-Touch Controls: Zoom, Rotate and Pan
- Zoom to Area of Interest
KIP ImagePro is a powerful suite of software that improves efficiency with controlled workflow automation in high demand environments while producing faster turn-around times. KIP ImagePro document submission tools are designed to enhance color management capabilities. Advance your workflows in an application for printing a range of color or black and white wide format documents including technical images, posters and banners to multiple KIP systems.

The brilliant multi-tasking flexibility allows production operators to capture efficiency, improving customer service with faster production fulfillment. A fully customizable interface enhances system tools by placing them forward for ease of access, navigation and control. It is not necessary to be a color expert to adjust and print color with KIP ImagePro. Simple presets for both graphic and technical documents provide easy operation for smarter color communication. Sophisticated project details can be highlighted with Advanced Area of Interest selections. KIP Smart Stacking simplifies the accurate collation of mixed sets of color and black and whites prints. Intelligent Job Validation provides notification for missing fonts, correct page size and comprehensive multi-page control when printing PDF files. The Roll Preview interactively displays documents on the chosen roll width for nesting, paneling & two-up printing.

KIP Image Pro - Print has two interface modes: Standard, for features most commonly used and Expanded, additional tools designed for production experts. Using either mode, the ease to which KIP ImagePro integrates into print workflows is simply brilliant.
KIP ImagePro - Print Key Features

Brilliant Multi-Tasking | KIP Smart Stacking | Advanced Area of Interest Printing | Intelligent PDF Job Validation | High Definition Viewing | Customizable Interface for Personalized View & Tools | Easy Deployment

KIP ImagePro: Features

Brilliant Multi-Tasking   Within the productive simplicity of one application - create multiple jobs | Adjust Colors | Review Changes | View Device Status | Color*, B&W and Grayscale Printing | Automatic Color**, Gray or B&W File Detection | Load and Save System Presets | KIP Secure Print | KIP Accounting Center Integration | KIP Cost Center Integration | KIP Smart Stacking

High Definition Viewing High resolution image pre-flight viewer for “What You See Is What You Print” to include review of color adjustments and preset creations | Color or B&W | View applied filters to include color adjustments, stamps, PS & GL settings | AOI Selection - Scale, Position, Print | Position Image on the Page | Page ruler | View Scale to Pixels or Fit to Screen | Image Navigator

Advanced Area of Interest Printing Select Size | Position | Print only the “Area of Interest” to enhance communication of sophisticated or important job details

Customizable Interface Access your preferred productivity features with ease using “Pop Out” tools and panels, regardless of Standard or Expanded mode.

Job Matrix Individual Set and Copy Count | Change File Order with Cut/Paste | Apply Presets to Selected Files or Entire Job | Advanced Multi-Page PDF Support | Drag-n-Drop Files or Folders from Cloud, Local, Network Drives and KIP Mailboxes | Banner Page for Set or Job | Select Print Stacking Location | Submit Job Paused for Hold & Release | KIP Secure Print with PIN or User Identification | Accounting selections to include Projects and Departments | Stamping | Print Quality Presets for Color, Grayscale and B&W Documents | Page Count | Page Size | Scale to Page | Scale to Page Width or Length | Scale to Maximum | Margin Controls | PDF and Postscript® Quality Preset | Fold Preset | Text and Graphic Stamp in Color or B&W | HPGL Pen Preset | Rotate/Mirror/Invert | Adjust Job Matrix Column Sizes and Position | Customize Matrix Columns for Content | Preflight & Thumbnail Preview Vertical or Horizontal Ribbon Style for Quick Preview | Preview in Color or B&W | Preview Orientation & Print Direction | Select Image for instant access in Matrix | Roll Preview | Preflight Nesting & Two-Up | Folding Automatic Title Block Detection | Automatic Fold Configuration | Customize Fold Presets | Email Notifications Enable - Job Notifications | Replenishment of Consumables | Receive Printer Status | Meter Notifications | System Presets & Media Manager Pre Defined & Fully Customizable | Preview Preset | PS & PDF Settings | HPGL Variables | Advanced Scaling | Stamps with Images & Text | Custom Page Sizes | Load Custom Media Profiles | Add new media and customize names | Other Features Auto Connect to KIP Printers | Auto Update using “Click Once” | Customize User Interface with “Pop Out” Tools and Panels | Auto-Hide, Float or Dock Panels | Enable PS/PDF, HPGL Pens, Print Quality Presets | View changes as they occur | Add Custom Page Sizes | Unlimited User Templates | Displayed Units in Inch or Metric | Multiple Languages

KIP ImagePro: Expanded Features

Job Matrix Select Color Space | ICC Options | Black / White Point | Color Adjustments | Color Exchange | Sharpen & Smooth Tools | Nesting with 2-UP | Paneling | Technical Label

*with KIP Color Printers  **with KIP Color Printers, configured for this function
KIP PrintPro.net provides KIP color and b&w systems with the most feature rich browser based print submission and system management application on the market.

**Print Submission** - Without the need to install any application software, operators can perform print submission, access their KIP printer mailbox and manage their print jobs. Using a web browser, operators can configure single and multi-page files with individual scaling preferences, stamps, folding presets, color management controls and print stacking location. Start new print jobs quickly by accessing User Presets that include operator preferences, job settings and the most common system presets. PrintPro.net supports building print jobs using color and b&w technical documents from standard wide format digital files including Postscript, PDF, TIFF, JPG, Calcomp, DWF and HPGL 1/2/RTL (and more).

**System Management** - Based on defined user access, administrators can use virtually any web browser to continue the print queue and see a full overview of the system operation. Administrators have complete access to printer preferences, network connectivity settings, system presets, daily sleep timers, history queue size, exit tray defaults and auto-rotation settings.
KIP PrintPro.net Key Features

Identical Features Across a Variety of Web Browsers | Multiple Copies or Collated Sets | WYSIWYP Image Preview | Individual File Settings for Job Matrix Templates | Multi-Page Support | Color Adjustments and Filter Selections | Email Notification | Document Folding and Stamping | HPGL Pen Preset Selection | Transfer Files from KIP Printer Mailbox | Customize System and Folder Presets | Manage Print Queue and User Settings | KIP Secure Print | KIP Accounting Center Integration | KIP Cost Center Integration

Web Browser Features
Supports Popular Browsers | Identical Features Regardless of Browser | New Features Available Instantly After System Updates | Use Mobile Phones and Tablets to Manage Settings and Print Queue

Job Build Matrix
Matrix Printing with Individual Set and Copy Count | Change File Order with Cut/Paste or Drag-n-Drop | Apply System Presets to Selected Files or Entire Job | Multi-Page PDF Support | Select Files or Folders from Cloud, Local, Network Drives and KIP Mailboxes | Banner Page for Set or Job | Submit Job Paused for Hold and Release | KIP Secure Print with PIN or User Identification

Individual File Settings
Print Quality Presets for Color, Grayscale and B&W Documents | Copy Count, Scaling and Page Size | PDF and Postscript® Quality Preset | Fold Preset | Simple and Advanced Color Management Preset Including ICC Profiles | Manage Image Quality with B&W Point, Background Removal and Sharpening Tools | Select Print Stacking Location | Text and Graphic Stamp in Color or B&W | HPGL Pen Preset | Rotate/Mirror/Invert | Save Unlimited User Templates (All Features Listed Above)

Image Preview
Preview in Color or B&W | Fast Thumbnail Preview | WYSIWYP Large Image Preview | Rotate Image for Best Fit | Preview Print Direction

E-Notifications
Email Notifications for: Job Received | Job Complete | Replenish Toner or Paper | Automated Meter Reads

Document Folding
Automatic Title Block Detection | Automatic Fold by Page Size | Customize Fold Presets

Job Monitoring and Device Status
Dependable Device Feedback | View Processing and Printing Status | Manage the Job to Pause, Reorder or Delete | Recall, Edit and Reprint Previous Jobs
KIP Smart Print & Scan

KIP Smart Print & Smart Scan are flexible approaches to delivering print and scan services – one that responds to mobile business needs by providing a driverless cloud solution. Whether you’re using iPhone, Android, Windows, PC, Mac or laptop; KIP Smart Print simplifies convenience printing using your favorite Email provider. Scan to Email an entire document or just a small area using KIP Smart Scan.

Configure any KIP system to receive Emails and their attachments at predetermined intervals. The attached documents are printed using keywords for copy count, scaling and KIP Secure PIN. Alternatively, archive the documents and access them from the multi-touch screen, KIP ImagePro or PrintPro.net. KIP Smart Scan & Smart Print let operators make a “copy” from one KIP to another anywhere in the world with only an Email address.
KIP Smart Print & Scan Key Features

Use any Smart Phone, Tablet, Laptop or PC | No Need to Install Drivers or Software Applications | Submit Print Ready Files via Email Attachments | Works with any Web Enabled KIP Printer | Print B&W or Color Documents | Scan Full Size Documents | Choose an Area of Interest | Remote Scan Auto-Archived or Printed by KIP Printer | Access Archived Documents via KIP Apps | Optional Keywords Provide Expanded Flexibility

**KIP Smart Print**
Works with any Web Enabled KIP Print System | Print Color or B&W Documents | Secure PIN From Smart Print via Email | SSL for Encrypted Connection | POP3 Or IMAP Mail Compatible | Configurable Email Monitor | Archive or Print Incoming Email | Attach Multiple Files To Create Sets | Keywords for Filename, Copy Count, Media Type, Scaling, KIP Secure PIN

**KIP Smart Scan**
Works with any Web Enabled KIP Print System | Scan to Email In Color or B&W | Scan Area of Interest to Email | Cloud Scan to Remote KIP Systems via Web | Remote Scan Auto-Printed | Remote Scan Auto-Archived
Print Drivers

KIP Windows® Driver

The KIP Windows® Driver Pro is Microsoft® WHQL certified, meeting exact standards of reliability and quality. The functional and intuitive graphic user interface and expanded features provides the user with a wide range of standard and special functions when printing from Windows® based applications.

The KIP Windows® Driver Pro can be used with the entire range of KIP Printers from any Windows® based application for both color and b&w print applications.
KIP Windows® Driver Key Features

**Driver Information**
- Fast Spooling for Multiple Copies or Sets
- Displays Real-Time System Status
- Information Set Collation
- Provides Current Media Information
- Media Selection
- Secure PIN Printing
- Send Job on Hold
- Save Templates
- Brightness Adjustment
- Unlimited Image Quality Presets
- Pen Preset Selection
- KIP Accounting Center Integration
- KIP Cost Center Integration

**Media Information**
- Paper Size (Standard and Custom Sizes)
- Standard Media Types
- Custom Media Types
- Orientation
- Media Source

**Print and Output**
- Scaling (When Not Available In Application)
- Paper Scaling
- Collation/Page Order
- Mirroring
- Inverting

**Color Selections**
- Simple Color Preset Selection
- Simple Color Adjustments
- Advance Color Quality Selection
- Advance Color Filter Selection
- Advance Color, Black Trapping On/Off
- Advance Color, Color Trapping On/Off

**Special Features**
- Apply Stamps
- Set Separator
- Job Separator
- Folding Control (when folder is present)
- Trim at Image
- Alignment

**KIP Accounting**
- KIP Cost Center Integration
- KIP Accounting Center Application
Print Drivers

KIP AutoCAD® Driver

The KIP certified AutoCAD® Driver provides integrated printing from within Autodesk® software applications such as AutoCAD®, AutoCAD® LT and DWG TrueView. The fully compatible, dedicated KIP HDI Driver uses the Autodesk® backbone to streamline printing of AutoCAD® files. KIP’s AutoCAD® Driver includes unique data tracking by username and two customizable fields. Two-way printer status allows users to review roll and media information. Long length documents are easily generated by the KIP HDI Driver and the HPGL/2 data is transmitted to KIP’s System K controller for quick processing and printing.

AutoCAD® Driver Custom Properties

Fully Compatible with AutoCAD® 2015 and Newer
KIP AutoCAD® Driver Key Features

- Fully Compatible with Current Versions of AutoCAD®
- True HDI AutoCAD® Driver
- 32 and 64 Bit Operating System Compatibility
- Real-Time Media Status
- Custom Media Size Configuration
- Media Saving by Auto Rotation
- Advanced Color Mode Image Type Selection
- Dither Pattern Control for B&W Lines vs Aerial
- KIP Accounting Center Integration
- KIP Cost Center Integration

**Supported Versions**

- AutoCAD® 2015 and Newer Supported
- 32 & 64 Bit Operating System Compatibility

**Media Information**

- Real-Time Media Size and Quantity
- Custom Page Size Configuration
- Media Saving by Auto Rotation
- Include Pen and Media Information in File
- Automatic Roll Selection

**Color Controls**

- Simple Color Adjustments
- Simple Color Image Type Selection
- Apply Color Filter
- Color and Black Trapping Controls

**B&W Image Controls**

- Vector Graphics Dither
- Vector Line Dither Mode
- Raster Graphic Photo Mode
- Line Width Compensation
- Raster Image Gamma and Density Controls

**Special Features**

- HPGL Pen User Preset Selection
- Select Fold Pattern
- Select Exit Tray Location
- Select Text and/or Graphic Stamp
- Dedicated AutoCAD® HDI Driver
- HPGL/2 – RTL File Data
- KIP Secure Print
- Job Accounting - User Tracking
- Job Accounting – Two Customizable Fields
The KIP Accounting Center consolidates control of user account data and printing rules for all Copy, Print and Scan activities for KIP color and b&w systems. When activated, the KIP Touchscreen systems, printing applications and print drivers continuously retrieve accounting and user data from the System K controller. Utilizing rules based printing and account data, administrators and IT managers can control print costs or turn printing into billing revenue. The account data is held on the KIP Printer system for use by the KIP Cost Center software application.
KIP Accounting Center Features

- Username and Two Customizable Fields
- Import for User Data Using LDAP
- Clear Fields After Each Job Submission
- ASCII Import/Export
- Easily Update User, Project and Department Data
- Automated KIP System Update via Scripting
- Password Protect any or all Data Entries
- No Special Data Servers Required

Integrated with KIP Software Apps

- KIP Touchscreen
- KIP ImagePro (PC)
- KIP PrintPro.net (Web Browser)
- KIP Windows® Driver
- KIP AutoCAD® Driver
The KIP Cost Center application retrieves extensive log files directly from KIP Systems and automatically generates production reports for user, project and department level accounting data. Print or Email visually attractive graphical reports for color and B&W print and scan production directly from the application. Generate reports anytime and anywhere when KIP Systems are configured to automatically Email tracking data at pre-determined intervals.

### KIP Cost Center

Cost Entry for Printing and Scanning

Print Summary Reports
KIP Cost Center Features

Integrated with all KIP Apps and Touchscreen Systems | Track Color and B&W Copy, Scan and Print | Easy to Understand Graphical Reports | Average Toner Coverage by Percent | Daily Print and Scan Volume for Color and B&W | Reports by Date Range | Print Reports on Demand | Receive Reports by Email | User, Project and Department Categories | Access the Details of the Last 100 Jobs | KIP Toner Costs by Color and B&W | KIP Maintenance Costs | KIP Scanner Costs by Color and B&W

Report Categories
Print Coverage Tracked in 10 Categories | Reports Available in Data and Graphic Format | Print Reports on Demand | Receive Reports via Email | User Report – Graph for Top 5 | Project Number Report – Graph for Top 5 | Department Report – Graph for Top 5 | Search Function

Reports by Date Range
Print Volume – Total Number and Total Sq. Ft. / Sq. M. | Scan Volume – Total Number and Total Sq. Ft. / Sq. M. | Toner Costs | Maintenance Costs | Total Cost of Operation | Estimated Toner Cartridges Used (CMYK) | Average Toner Coverage % by Color and B&W Usage

Graphic Reports
Daily Print and Scan Volume Line Chart | Color vs. B&W Scanning Bar or Pie Chart | Average % Coverage Report | Toner and Service Fees Generated | Total Number of Prints by Media Type | Total Sq. Ft. / Sq. M. by Media Type

Job History
Last 100 Jobs Information | Detailed Toner Coverage Per Page | Print Volume – Total Number of Prints | Print Volume – Total Sq. Ft. / Sq. M. | Maintenance Costs | Toner Costs by Color and B&W
KIP Role Based Access Control

The Ultimate Print System Management Control

KIP System K Role Based Access Controls enables a new level of KIP print system management using rule based role assignment for advanced control. RBAC provides a smarter way to apply rules for specific user accessibility to copy, print and scan features assigned by the system administrator.

1. Easily create user accountability and conveniently communicate printing environment modifications.
2. Collect powerful data to effectively analyze print system behaviors to optimize rules for streamlining print environment efficiency and security.
3. Apply printing rules to create a smarter printing environment. Customize conditions to conserve energy and supplies (Example: set restrictions on color printing for specific users).

KIP Accounting Center Role Based Access Control is integrated within the KIP Smart Multi-Touchscreen, KIP ImagePro and KIP PrintPro.NET. RBAC resides within the optional KIP Accounting Center software.

KIP RBAC controls device usage for individual personnel, modifies system behavior, enforces security optimizes efficiency and reduces cost.
KIP Role Based Access Control Features

Create a smarter printing environment | Easily assign Roles for device functionality to individual users | Collect powerful data to effectively analyze print system usage | Optimize rules for streamlining print environment efficiency | Intelligent presets for intuitive productivity | Once Roles are created they can be exported to other System K printers | Effective management of company print system assets | Reduce printing cost | Enhance document security by limiting device access through convenient authorization policies. Ensure only assigned users can access secure devices by requiring authorization through optional smart cards, or alphanumeric personal pin identification codes or numbers (PIC, PIN)

Accounting Center with RBAC
KIP Accounting Center sets a new standard for powerful automated control of user account data, cost reporting for all copy, print and scan activities with role based printing rules | KIP Accounting Center includes KIP Cost Center and KIP Role Based Access Control | KIP Accounting is a comprehensive solution to turn printing into billing revenue | KIP Accounting generates professional user, project and department reports | KIP Cost Center tracks and reports the toner and service cost for color and b&w copies, prints and scans | KIP Role Based Access Control easily implements device usage rules for individual personnel, modifies system behavior, enforces security optimizes efficiency and reduces cost | Unlimited site license | Developed by KIP | Unmatched performance and value
KIP Card Reader Systems

Contactless Card Reader and DoD Compliant Common Access Card (CAC)

KIP offers customers two solutions to secure the KIP Systems using contactless card readers.

The KIP Contactless Card system integration enables control of walk-up copy, print and scan functions for work group systems with standard FeliCa Cards. With the touch of a card, unlock the touchscreen and recall User Preferences automatically. Track usage information for copy, print and scan functions based on Card ID. Walk away with your card and the system automatically resets for the next user.

The KIP Common Access Card Solution is a DoD authorized solution that uses a contactless card and in-line network appliance to access network resources. KIP’s CAC Solution protects a network by requiring users to authenticate using a smartcard (CAC/PIV) and personal identification number (PIN). Without both the card and PIN, the KIP CAC does not permit the user to transmit scan data from the KIP device to network resources.
KIP Contactless Card System Integration Key Features

- Standard FeliCa Cards | Various Contactless Cards | User Authentication Linked to Card | Load User and System Presets | Load User Cloud and SMB Credentials | Track Usage by Card/NFC Token | Release User Jobs at Touchscreen | KIP Accounting Center Integration | KIP Cost Center Integration

**Connectivity**
USB to KIP System K Controller

**Administration**
KIP Accounting Center Application for User Data | KIP PrintPro.net for Feature Settings

**Supported Standards**

---

KIP Common Access Card Solution Key Features

**Connectivity**
2x 10/100 Ethernet | Dual IPv4 and IPv6 Stacks

**Administration/Management**
Local: Manager Remote | Web: Browser via SSL

**Supported Standards**
ISO/IEC 7816 and 7810 | FIPS 140-2 and 201 | US (Dept of Defense) Common Access Card (CAC)

**Physical Description & Operating Environment**
10 Button PIN Pad | In-Line Netgard MFD Appliance | Size: 6.25 in. x 1.125 in. x 6.25 in. (15.9 cm x 2.5 cm x 15.9 cm) | Weight: 0.9 lb. (0.4 kg) | Power: Operating 100-240 V, 50/60 Hz Auto-Sensing Power Supply Input | Power Consumption: 0.6A | Temperature: 32°F – 122°F (0°C – 50°C)
Administrative

KIP Printer Status / SNMP

The KIP Printer Status application is the ideal solution for providing centralized status updates and information to administrators and users over a local or Wide Area Network. The app provides immediate access to view and manage the current status of all color and b&w KIP systems on the network via a single, convenient user interface. Using standard SNMP protocol, the KIP Printer Status application will automatically detect the available KIP printers and provide valuable information such as media levels, toner status and meter readings.

KIP Printer E-Notifications

In conjunction with the KIP Printer Status application, each KIP is capable of sending detailed E-Notifications. Users receive Email confirmations that their job has reached the print queue and has completed printing; ready for pickup. If a system interruption occurs such as out of toner or paper, a detailed Email will immediately notify personnel. The System K controller automates the meter reading process by transmitting meter data via Email on a weekly or monthly basis. The KIP Cost Center software can interpret the meter information and provide reports for print and scan production for both color and b&w documents.
KIP Printer Status / SNMP Key Features

SNMP Communication to KIP Printer | PC Based Windows® 7/8 Application | 32 and 64 Bit Operating Systems | Monitor Status of KIP Printers | Auto Detect KIP Printer (LAN) | Add up to 10 Printers by IP Address (LAN or WAN) | Visual Notification for Machine Status | View all KIP Printers on a Single Screen | Quick Access to Print Queue via PrintPro.net Link | Automated Meter Read

Machine Status
Blinking Attention Indicator | Online or Offline | Open Covers | Mis-Feeds | Current Print Meter

Printer Notifications by Email
Job Received | Job Complete | Printer Out of Toner | Printer Mis-Feed | Printer Out of Paper | Job Requires Attention | Set Date and Time for Automated Meter Read | Meter Data for Use with KIP Cost Center | Current Job Status | Pending Job List

Meter Information
Counter A – Square Feet / Meters | Counter B – Linear Feet / Meters | Total Run – Lifetime Meter Count | B&W and Color Meter Count
KIP Data Security Features

At KIP, security is paramount. As a world leader in the development of digital wide format production technology, KIP is committed to keeping digital information safe and secure. Customers and potential customers can look to KIP as a trusted provider of secure solutions with many standard and optional security features.

Based on Department of Defense NISPOM specifications, the Image Overwrite security feature electronically shreds information stored on the hard disk as part of routine job processing.

Job Accounting and Data Tracking ensures that only properly authorized users are permitted to use a KIP device. Two additional fields, displayed in each KIP application can enforce tracking by Project or Department Number. These standard features feed the KIP Cost Center to generate production reports based on User, Project or Department usage.

Eliminate the risk of unauthorized access with the optional Removable Hard Disk Drive kit. The removable hard drive can be disconnected when the device is unattended. Multiple disk drives can be implemented allowing secure device sharing between different workgroups or departments. This option is frequently required by the US Government for management of classified information and highly recommended for commercial customers who print data that is subject to legal regulations including HIPAA, SOX and PCI.

The System K controller is designed and constructed to utilize standard open architecture PC components. KIP printing speeds and unique image processes are supported by the Windows® Embedded System 7 (WSE7) embedded operating system. The Microsoft® partnership with KIP ensures an industry standard that provides excellent reliability.
KIP Data Security Key Features

**Image Overwrite**
Electronically Shreds Copy, Print and Scan Data | Standard Feature | Automatic Deletion | 3 – Pass Erasure Algorithm | Configured via Printpro.net | Based on NISPOM 5220.22-M Requirements

**Removable Hard Disk Drive Kit**
Share KIP Device between Secure Workgroups and Departments | Remove External Hard Disk Drive as Required | Additional Disk Drives Available | Management of Classified or Legally Restricted Data | Separate Usage for Confidential and Non-Confidential Work

**Job Accounting and Data Tracking**
Access Control | User Authentication | Project Number Authentication | Scan/Print Authentication at Touchscreen | Scan/Print Authentication in KIP Software Apps | KIP Accounting Center Integration | KIP Cost Center Integration

**Windows® Operating System**
Microsoft® Windows Embedded Partner | Accepted by IT Managers | Start Up and Shut Down Quickly | Improved Memory Utilization | Accepts Automatic Updates | Configure Microsoft® Management Console to Update via WSUS

**Data Encryption and Virus Scanning**
Data Encryption via SSL and IP Security (IPSec) | Major Brands Tested | Accepts Virus Definition Updates

**KIP Secure Print**
