CONFIGURATION VERSATILITY

79 G SERIES

RANGE OF PRODUCTIVITY & CONFIGURATIONS

Rolls	Speed	Printer	MFP + KIP 720 Convenience Scanner	MFP + KIP 2300 Production Scanner
4 Roll	14D	✓	✓	✓

14 D PPM | 840 High Quality Prints per Hour

Media Capacity

Simple and fast paper loading in less than one minute versus up to several minutes on automated inkjet systems. KIP systems feature a user friendly "End-Cap" design for easy loading of media rolls. Media drawers are auto-switching to ensure non-stop print production, full job recovery, and feature maximum media versatility. Media status is displayed on the smart touchscreen and within the KIP System K software suite so out of paper surprises are not a part of your busy day.

Top & Rear Stacking

Top stacking up to 100 prints.
Optional KIP 1200 professional grade rear stacker system holds up to 1,000 perfectly collated prints.

KIP 1200

The Color of KIP is Green

- Environmental aspects that make a difference
- Earth conscious. KIP G Series systems are 100% toner efficient, and do not use carriers or developer that impact landfills.
- Save energy - KIP 79 G Series turn on and off and are ready to work based on your schedule
- Energy saving sleeps modes can be based on clock or calendar - no need to leave the machine on 24/7
- Recycle KIP toner bottles in standard recycling bins
- Permanent print heads that do not dry out, clog or need to be thrown away
