*Folding System Designed for*  
**KIP 800 Colour Series &  
KIP 70 Series Print Systems**

# KIPFOLD 2800

*Wide Format Document Folding System*

## SPEED, POWER & PRODUCTIVITY

Engineered for production folding with seamless integration to the KIP 800 and KIP 70 Series print systems. The KIPFold 2800 automates large format document finishing by providing folding and stacking in an efficient and compact design.

## INTUITIVE DESIGN

- Automatic Title Block Detection
- Automatic Fold by Page Size
- Customised Fold Presets
- Advanced Technical Interface
- Full Bi-Directional Communication
- Superior Job Recovery Functionality
- KIP System K Software Integration
- Metric and Imperial Standard Size Folds

## FOLD QUALITY & RELIABILITY

KIPFold 2800 with KIP System K Software integration provides seamless workflow to the KIP 800 Colour and KIP 70 Series Monochrome print systems.

KIPFold 2800 is built to exacting standards, featuring a solid steel frame and stainless steel feed guide with low static transfer system for consistent and reliable operation. High quality components, sensors, precision bearings and solid design ensure precision and accurate folding.

The KIPFold 2800 uses proven folding technology based on a high precision blade and roller design for high production print environments. KIPFold 2800 offers industry leading fold quality, exact fold delivery, precise packets, and crisp fan folded documents to the millimeter.

**Portrait & Landscape Packet Styles**

# VERSATILE PRODUCTION

Prints are folded and stacked at maximum speed, allowing for easy document filing and distribution. A reliable and durable fold roller system ensures maximum packet accuracy. Flat output stacking is included as a standard feature. Users may conveniently select fold style preferences at their workstation before printing.

The KIP 2800 folding system features the flexibility to fold documents with precision, regardless of print orientation. Prints are accepted in either landscape or portrait format, allowing for fast and efficient folding operation.

## KIPFold 2800 Features:

- Portrait & Landscape Packet Styles
- Integrated Flat Stacking – Up to 100 Sheets
- Offline Manual Folding
- Unlimited Length Fan Fold (Optional)
- Integrated 111 & 134 Tab Applicator (Optional)
- A2 Rotation Table (Optional)

# SYSTEM SOFTWARE K

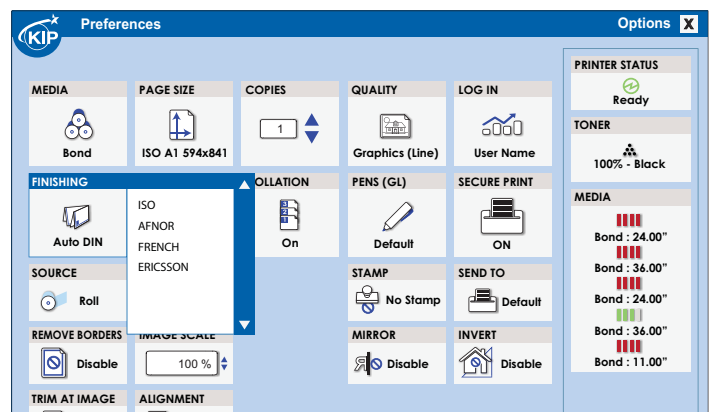

## SYSTEM INTEGRATION

This unique integrated solution allows complete control of the folder and folding packets directly from all KIP Applications including the KIP Touchscreen, KIP PrintPro, KIP PrintPro.NET, KIP Windows and AutoCAD HDI drivers.

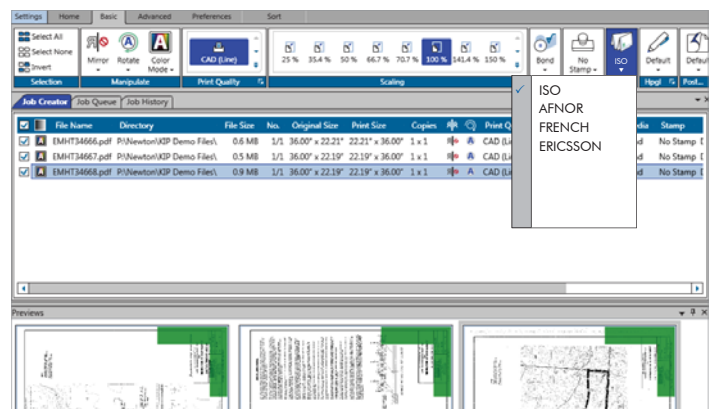

KIP System K Software allows all user levels to easily create and prepare prints for folding through the uniform software interface and application process.

## KIPFold 2800 System K Software Features:

- Simplify custom folds with preset editor
- Print submission via PC and print drivers
- System error reporting through email notification
- Intelligent job recovery for accurate print accounting

### A1 Size Folds

Landscape-Landscape    Landscape-Portrait    Portrait-Landscape    Portrait-Portrait

### A2 Size Folds

Landscape-Landscape    Landscape-Portrait    Portrait-Landscape    Portrait-Portrait

### A3 Size Folds

Portrait    Portrait    Portrait

## FOLD STANDARDS

All folding standards come preset in System K Software, including:

### AFNOR

For folding ISO-standard sheet sizes (A0 to A3) to A4 size packets (210 mm x 297 mm). The AFNOR style folds accommodate drawings with the Title Block in the upper right corner – commonly used in France.

### DIN 824

A German national standard, but widely used throughout the world for ISO-sized wide format documents.

### AFNOR

**A0** - 841 x 1189 mm

**A1** - 841 x 594 mm

**A2** - 420 x 594 mm

**A3** - 420 x 297 mm

### ISO

**A0** - 1189 x 841 mm

**A1** - 841 x 594 mm

**A2** - 594 x 420 mm

**A3** - 420 x 297 mm

## COMPATIBLE KIP MODELS

The KIPFold 2800 system is compatible for full integration with the following KIP production systems:

### 800 Series

KIP 850 | 860 | 870 | 880 | 890  
*KIP 940 not compatible*

### 70 Series

KIP 7170 | 7770 | 7970  
*KIP 770 not compatible*
